

# MoveIt: Indoor Manipulation System

## HOW IT WORKS

Take the video of your room with our mobile application

Upload the video to the server for reconstruction

Download any object from the workshop

### Featuring:

- ◆ Personalized Reconstructed Object Database
- ◆ Hand-crafted mesh support
- ◆ Full room scan and reconstruction
- ◆ 3D Semantic Segmentation
- ◆ Save and share rooms and scenes
- ◆ Immersive Virtual Reality

Redesign your room in PC or VR Headset
