**Willow: Graph-Based Browsing**

**MVC inspired architecture**
Using only pure JavaScript, CSS, HTML and Cytoscape.js
Requires only a computer and Google Chrome!

- Wikipedia - Google Search
- HTML Tutorial
- CSS Tutorial
- HTML Editors
- W3Schools Online Web Tutorials
- w3schools - Google Search

**Visualize and personalize your browsing with a graph-based structure**
Understandable and intuitive navigation
Take notes on nodes, customize border colors and node sizes

**Manage your browsing sessions**
Keep track of multiple sessions
Restore, rename and delete anytime
Export/import your graphs to share with your friends!
