OVERVIEW

OverSeer is a solution to daily challenges of the visually impaired. Users can safely travel or ask for help. OverSeer navigates users while allowing them to save their favorite places. Users can search for places. Users are alerted before crossing the traffic lights or if there are any obstacles on their paths. If they require further assistance, they can get live-support from volunteers to be their eyes. OverSeer provides a fully accessible solution to the daily problems of the visually impaired users.

NAVIGATION SUPPORT

- Search for places
- Get place recommendations
- Save your favorite places
- Navigate freely with OverSeer

LIVE SUPPORT

- Ask help from your friends
- Ask help from the volunteers
- Let them be your eyes

OBSTACLE DETECTION

- Detects obstacles and warns you
- Detects the light before crossing the road
- Your path is safe with OverSeer
